English level B1 intermediate

## PROFILE & SKILLS

I belonged to the Biomatic research group and the ADSI seedbed of SENA and I worked as an assistant at the Calatrava headquarters and participated in events such as Aphiton Bancolombia, in the same way I participated in development projects internally within the Leather Design and Manufacturing center.

### Programing languages & DB :

- Java (40%)
- C++(30%)
- HTML(60%)
- CSS(40%)
- Javascript(20%)
- Python(5%)
- ReactJS(20%)
- Redux(5%)
- Data base analysis (40%)
- Mysql(10%)
- MongoDB(2%)

### Soft skills

I am a person with a high level of commitment, passionate about software development and with high responsibility, proactive who enjoys working as a team with basic notions of SCRUM and Git. With the will to always learn new things to teach and help others.

## **EXPERIENCE**

In software development I do not have real certified experience, likewise doing small web development projects at an academic level to consolidate knowledge and learn new tools. Some examples made are in my github account where you can access it from the link found in the personal data section.
